GENERAL PROCUREMENT NOTICE

Municipal Unitary Enterprise Vodokanal of Gatchina (MUE Vodokanal of Gatchina) intends using the proceeds of the loan from the Nordic Environment Finance Corporation (NEFCO) and grants from the Northern Dimension Environmental Partnership (NDEP) and the Swedish International Development Cooperation Agency (Sida) for the reconstruction of the wastewater treatment plant in the town of Gatchina. The planned investments will reduce pollution to the Baltic Sea. After completion of the planned investments the effluent will fulfill the recommendations set by the Helsinki Commission and the European Commission. The proposed project, which has a total estimated cost of EUR 2 million, will require the procurement of the following goods, works and detail design services:

- Rehabilitation of concrete structures and buildings;
- Supply and installation of mechanical, electrical and automation equipment;
- Detail design of the planned investments (design services are to be provided as part of works or goods packages).

Tendering for the above goods, works and services is expected to begin in the second quarter of 2014.

Contracts to be financed with the proceeds of the loan from NEFCO and grants from the NDEP and Sida will be subject to NEFCO's General Procurement Guidelines of 1998.

Tendering for the contracts to be financed with the proceeds of the loan from NEFCO will be open to firms from any country. Tendering for the contracts to be financed with the proceeds of the grants from NDEP and Sida will be open to firms from EU member countries, Norway, Canada and the EBRD countries of operations. The proceeds of the loan and the grants will not be used for the purpose of any payment to persons or entities or for any import of goods, if such payment or import is prohibited by a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations or under a law of official regulation of the purchaser's country.
